LCLOUD

SHINE BRIGHT LIKE A DIAMOND!

Advanced Amazon Web Services Partner — One of the leaders on clutch.co platform — Well-Architected Advanced Consulting Partner — Partner Google Cloud Platform — AWS DevOps Competency

We are looking for a person to help us with:

- automation of infrastructure management based on cloud computing (AWS, GCP),
- automation of installation, configuration and administration of Linux operating systems,
- configuration of Continuous Integration and Continuous Delivery (CI/CD) environments,
- creation of solutions based on Docker and Ansible,
- creation of process automation based on Bash/Python/Powershell,
- implementation of solutions based on containers.

Our profile of the perfect candidate. What do we expect?

- ability to speak English fluently,
- excellent skills in at least one scripting language (Bash/Python/Ruby/Perl),
- experience in administration of servers running under Linux operating system,
- experience in configuring Continuous Integration and Continuous Delivery (CI/CD) environments,
- knowledge of Docker technology and AWS cloud,
- willingness to learn and expand knowledge in the field of Cloud/DevOps.

What do we want to offer you? Just the specifics!

We are the team of technology enthusiasts who are expanding their technological horizons nonstop. We are not standing still. We are constantly testing and adopting new solutions. That is why it's so important for us to extend our team. Because new people are always a new, fresh look at the projects currently implementing, the exchange of experience, transfer of knowledge and mutual development. It is our successes that drive us to action, and thanks to that the number of our customers is constantly growing. Have a look at what we have prepared for you!
